DC SUPER HERO GIRLS™

BATGIRL

Batgirl is a tech genius and an amazing detective. Even though she doesn't have super powers in the traditional sense, Batgirl is an amazing problem solver that never gives up. She always pushes the limits beyond what everyone expects of her.

COMPUTER GENIUS
Can't get your GPS tracker to work? Need to hack into a high security computer system that could thwart an enemy attack? If the answer is yes, then look no further than the computer wiz herself, Batgirl.

EXPERT DETECTIVE
With advanced deduction skills, Batgirl is a natural born detective, who loves solving complex problems and finding the clues that others may have missed.

EXPERT MARTIAL ARTIST
Batgirl's just as comfortable throwing a roundhouse kick as she is fixing a motherboard. She's just your everyday teenager, except she's not.

SHRINKABILITY
As luck would have it, the microchip in Bumblebee's earbuds had a small side effect that gives her shrinking powers.

BUMBLEBEE

Bumblebee is a happy-go-lucky girl who is always up on the latest trends and music. While she can be the life of the party, she's also one of the smartest students at Super Hero High. She even built her special tech suit that allows her to shrink to the size of a bee. She's also a Metropolis local so she goes out of her way to make new students feel at home.

SONIC BLASTS
Bumblebee can fire sonic blasts to "sting" unsuspecting Super-Villains. Most of the time these blasts are all the distraction she needs for villains to drop their guard and lose their balance.

ENHANCED STRENGTH
One of the perks of Bumblebee's technologically advanced super suit is that it makes her very strong. She has to bee careful though, it comes with a lot of responsibility.

BATMAN '66 MEETS THE MAN FROM U.N.C.L.E. #3
